Things you don't say to parents

Common Core and goal for the assessment piece (will drive what we're going to teach)

Common Core is not fed gov't requirement

NC got race to top \$ bc goal was to create assessments beyond multi choice assessment that will spur metacognitive thinking.

Bloom's in meta cognition

-know in discipline

-can apply in disc

-can apply across disc

-can apply in real world

-can apply to anticipated real world

we have to move from a culture of teaching it to a culture of learning it.
