CC: Cary Lane Cockrell

Date: Wednesday - January 11, 2012 3:48 PM

Hello -

Cary Lane Cockrell and I have worked together to create an opportunity for you to serve as leaders for informational and instructional technology resources at your school.

The agenda is attached and may be edited to support the needs of your peers BUT it must maintain a focus on resources to support the Common Core. When you edit the Agenda please save as with your school name and then return it to Cary Lane Cockrell and copy me. Thank you

Time: 8:30 - 11:30

Place: Various labs at each school

Subjects: Google Docs, Discovery Education, Moodle, and Interactive Content - these items will align with Common Core and Essential Standards - also with the Teacher Evaluation Instrument.

Your task will be to examine your site - decide which labs to use and if you need more that the two or three of you at each site to lead the groups. Each of you can be the leader of just one topic and then have your staff rotate through the sessions.

The details will be shared with the principals at the High School Principals Meeting on January 12th.

PLEASE share concerns, barriers, and any interactive content that you would like to add to the agenda so we will all be on the same page. This can also be discussed on Jan 23rd during your PLC.

Thank you for assisting with this opportunity -
Diana
