I have some ideas, but I need to clarify a few things. Would you be able to stop by and visit me for a few minutes? Today would be great.

Yvette,

Disclaimer: I don't know what I'm talking about tech-wise! That being said.... for that Cinderella's Wardrobe ppt

Is it possible to turn a ppt into a moving something that can be shown on the TV? I thought of the animoto (sp?) you did, which we can still use. However, since we have the ppt from Alison Kidder now with pictures of the Boutique and great info, it would be neat to use a moving something at a meeting, at lunch, and maybe in the AM for the school.

Let me know what can be done, if anything, with the CW ppt. Many huge thanks!

Kat
